

INSPI-RATION

An idea can be inspired by nature or by imagination. A stone, a wall or a painting. The ARTistic creativity and intuition transform them into a material for architecture.

MAKING

Every collection as a solution kit for architecture, with matching colours, sizes, patterns and surfaces, designed to dress spaces and styles with technically impeccable solutions.

ASSORTMENT

Collection is inspired by the great places in the time store, a classicism that borders on almost metaphysical landscapes, on places of well-being, where each geological era has left its mark.

High Powered
